	 2 gang vertical 2 entries	0 696 64 0 696 68		

3. INSTALLATION

■ 3.1 Surface mounting

- By screwing back box onto support using Ø 3 mm - Ø 4 mm max. screws.

- Unclip plate

3. INSTALLATION (continued)

■ 3.2 Flush mounting

- With screws on flush mounting box
Use of Batibox™ flush mounting boxes (centre distance 71 mm for multi-gang supports).

- With claws on flush mounting box

Claws can be fitted:
Cat. No. 0 849 00 or
Cat. No. 0 849 01 (long claws)

- On solid faceplate using Ø 4 mm screws.
Drill support material (diameter 60 - 70 mm) using hole saw or hole punch.

3. INSTALLATION (continued)

■ 3.3 Assembly

- Composable motors mounted by clipping into the back of the box.

- Removing the partitions from two and three gang boxes facilitates access and allows two and three gang prewired socket mechanisms to be fitted..

- IP55 sealing on front part (cover) on the box is ensured by rotating four 1/4 turn fixings.
The direction of rotation of each 1/4 turn fixing is shown by an arrow on the cover.

Plexo composable Plate supports and boxes

Cat. No(s): 0 696 51/52/55/56/61/64/68/72/74/78/79/80

4. OVERALL DIMENSIONS (mm)

Surface mounting

Flush mounting

Replacing former Plexo 55 series.

5. TECHNICAL CHARACTERISTICS

■ 5.1 Material characteristics

Box, support: PP (filled Polypropylene)

Plate: ABS

Entry gland: PP + SEBS

UV resistant

Resistance to salt spray: 7 days (168 hrs)

Self-extinguishing:

+ 850°C / 30 s for insulating components holding in place live parts.

+ 650°C / 30 s for the other insulating components.

■ 5.2 Climatic characteristics

Storage temperature: - 25° C to + 70° C

Use temperature: - 25° C to + 40° C

6. CLEANING

Surface cleaning with dry cloth or cloth dipped in soapy water.

Do not use acetone, tar remover or trichloroethylene.

Caution: A test should be carried out before using any specific cleaners.

7. STANDARDS AND APPROVALS

Compliant with installation and manufacturing standards.

Refer to e-catalogue.
